OUR VISION:

To be a leading brand in the automobile industry by domesticating the European Standard of auto repairs, providing quality learning, empowerment and professional automobile service solutions.

OUR FOCUS:

Quality service, Education & Training, Empowerment

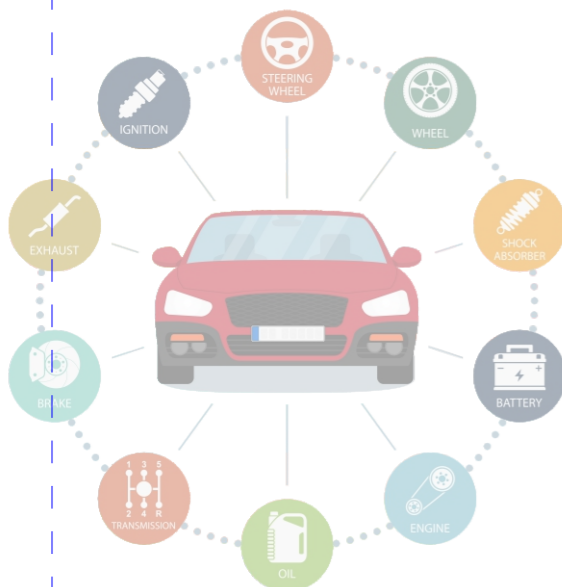

OUR MISSION:

To become a hub for professional automobile services, an institution of quality learning and a system of empowerment.

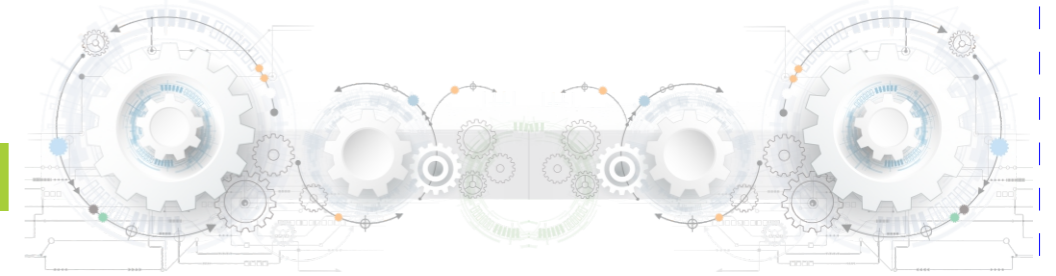

OUR COMMITMENT TO YOU:

AUTO CLINIC CENTRE is committed to earning your TRUST by providing you with the expertise, convenience and value you expect - every time you visit us.

OUR BRIEF:

The company emanated from a dream of an entrepreneur on the course of his earthly sojourn to several countries of the world and his discoveries that technology rules the world. As such, he decided to make his own contribution to technological development and also assist humanity in the area of auto repairs.

Auto Clinic Centre Ltd is a one-stop shop for automobiles (modern and conventional) fully equipped with our state-of-the-art facilities, advance diagnostic equipment, modern day tools, team of highly skilled technicians that truly enjoy their work and has access to the most up to date manufacturers' technical data which enables our workshop to offer dealership level diagnostic services, vehicle servicing, electrical and mechanical repairs and also Road Worthiness testing.

Our highly skilled technicians are fully qualified to work on all makes and model and attend to all vehicles with exceptional, expertise. The quality of our work is paramount, so we only use genuine OEM parts or parts of equivalent quality, as well as top-branded lubricants and motor oil when servicing your vehicle.

We do our utmost to provide our customers with a first class, efficient and friendly service, from investigating and diagnosing faults through to providing sound advice on all technical and mechanical problems.

At **Auto Clinic Centre Ltd**, we offer real value for money and cost-effective alternative to the franchised main dealers.

OUR SERVICES:

A. AUTOCOSMETICS

In our Auto Cosmetics section, we have internationally well trained technicians who will guarantee a full make up package that will revive and add value to your car. In AutoCosmetic section, we offer:

- Standard car wash
- Classic car wash
- Premium car wash
- Engine wash
- Engine polishing
- Car polishing
- Detailing
- Interior Disinfection
- Glass polishing/glass watermark removal
- Headlight restoration
- Rim polishing
- Underneath car wash
- Auto painting

Our automated car wash/cosmetics involves cleaning and reconditioning the interior and exterior of the car. The aim of this is to restore the paintwork by eliminating scratches or swirl marks to make the car look almost brand new like it did when you first drove it.

Auto-Detailing:

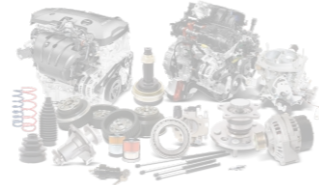

Our Auto-Detailing entails a top-to-bottom thorough cleaning of your vehicle which will bring your vehicle to its original beauty and increase its resale value by 15 - 20%!

We are committed to providing top-quality wash and detailing services to our customers.

B. AUTO MECHANICS

First and foremost our professionals are auto mechanics. This means that they use their heads as well as diagnostic equipment. Sometimes a problem appears to be greater than it really is. Using the knowledge that comes with years of experience, we are able to solve some problems by a simple visual inspection. Our professional technicians are certified autotronics, auto mechanics and diagnosticians who regularly attend ongoing technical classes to keep their skills and knowledge current.

Mechanical Diagnosis:

Our Auto Mechanics are trained Diagnosticians who: diagnose any issue, complete the necessary adjustments and streamline repairs that will return your vehicle to its peak performance.

We go far and beyond to get you the best service possible, why? Because, we're passionate about how safe and comfortable you are on the road.

Engine Repairs

Auto Clinic Centre Ltd is fully equipped to handle all heavy line engine repair including oil leaks, cooling system leaks, gasket replacement, water pumps, timing belt replacement and other mechanical repairs.

A GENTLE REMINDER:

We're aware of your ill-encounters with the roadside mechanics, and we're here to change the narratives. Our passion lies in our concern for our people and how they're being treated with their cars.

Headlight Alignment

Our headlight alignment machine is our tool to ensure you have accurate and efficient vision at night.

Brake & Shock Absorber Testing

We are your brake repair experts and guarantee all of our work for 12,000 miles or 1 year from your service date.

Suspension Service:

- ⊗ Does your vehicle seem more difficult to control during sudden driving maneuvers, changing lanes or quick stops or just seems like it is all over the road?
- ⊗ Are you experiencing excessive bounce going over bumps or does the nose of your vehicle dive down at stops?
- ⊗ Does the quality of the ride seem to be less than you remember?

If you have one or more of these symptoms, most likely, you have worn out struts and/or shocks. Worn struts and shocks also cause premature tire wear including choppy or scalloped tread wear.

Have the experts at Auto Clinic check your struts and shocks. You will fall in love with your car all over again!

We do NOT compromise the essence of putting your vehicle in good state.

C. AUTO ELECTRICAL

Our electrical engineers are world class repute individuals with several years of experience on automobiles. We can:

- Diagnose
- Fuel injection repairs
- Fuel pump testing
- Air fuel mixture
- Sensor testing
- Emission testing
- Fuse and relay testing and replacement
- Air conditioning electrical work
- Batteries and charging systems

Auto Computer Diagnosis

Unable to start your vehicle? A faulty starter will give you a single loud "click" sound each time you turn the ignition key to the start position.

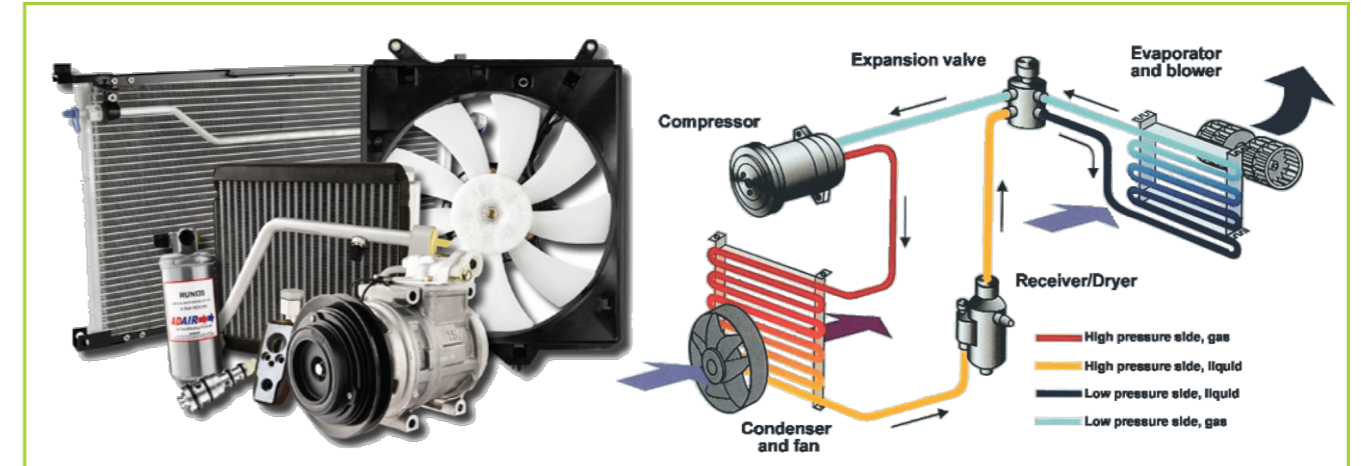

Problems with door locks, power windows, power mirrors, wipers and lighting ?

Our technicians are professional auto diagnosticians in every aspect of modern cars.

D. AIR CONDITIONING AND HEATING SYSTEM:

We offers complete air conditioning and heating systems services and diagnostics.

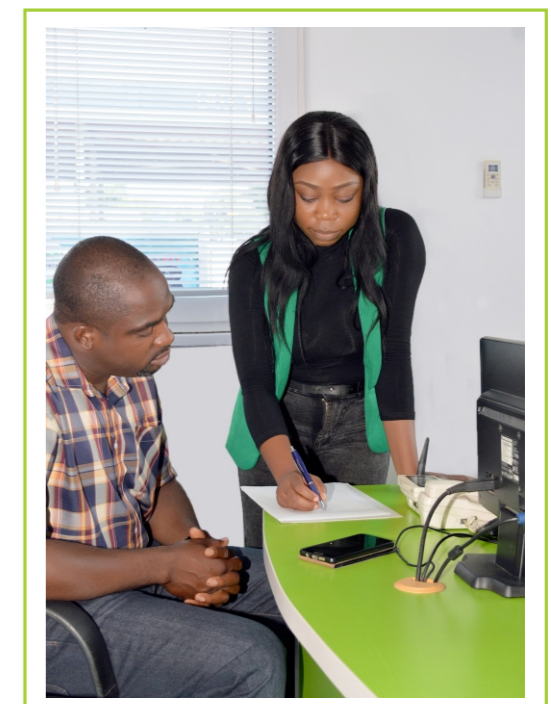

E. VEHICLE INSPECTION/ PROFESSIONAL ADVICE

Our easy-to-talk-to auto car advisors will explain any suggested maintenance or repairs. They will, however, always thoroughly inspect your car and advise you on the health of your vehicle so that you can make the most informed decisions when it comes to maintenance and repair services.

It is highly recommended that before you purchase a used vehicle, you have a complete used vehicle inspection. Make

sure you are buying a vehicle that has been maintained properly and doesn't have hidden defects or repairs. Not only will this give you peace of mind in knowing that you will be buying a dependable vehicle, but that you will know what to expect for repairs and/or maintenance going forward.

NGS Auto Clinic provides a thorough used vehicle inspection that covers 50+ areas of the vehicle and a test drive.

F. AUTOCLINIC TECHNICAL TRAINING CENTRE:

Are you wondering on:

- ✓ How you can become an technician?
- ✓ How to perform basic repairs on all automobile?
- ✓ How to use the Computerized Auto-diagnostics tools & techniques to diagnose & repair the modern computerized vehicles?

Starting your automotive career is more than just about loving cars. It's about becoming a skilled professional, and knowing what to do and when to do it.

Executive Learning Class

Now you can train to become an Auto Service Technician, Auto Mechanic, Auto Electrician and Auto Diagnostician at Auto Clinic Training Center.

Our Environment for you:

We have a good, large and conducive environment to handle you jobs, entertain you and keep you relaxed while we are working on you vehicle.

Besides maintaining your vehicle, we'll maintain your peace of mind. You'll know that your primary means of transportation is safe, sound and reliable and that our charges are honest and reasonable.
